

# In the PVD industry where your survival depends on reliable DC power supplies...

## ...Aren't you glad you chose CPI.

Over 10,000 installed DC sputtering power supplies worldwide have earned us a reputation for quality, reliability, performance and service

End-users enjoy access to our entire family of Power Supplies and accessories -- as well as service, upgrades and replacements.

And our excellent 'product-customizations' assure both large and small OEM's of the best possible price/performance solutions for their applications -- which translates into significant cost savings!

*Experience the CPI advantage.*
